Dear Mr. Smith:

The Department of Toxic Substances Control (DTSC), after review of the comments received during the public comment period, has made a decision to issue a Hazardous Waste Facility Post Closure Permit to TP Industrial, Inc. located in Gardena, California.

The permit is issued by DTSC in accordance with Title 22, California Code of Regulations section 66271.14. Enclosed is a copy of the signed permit, which becomes effective on **November 11, 2010**.

The public comment period for the proposed Hazardous Waste Facility Post Closure Permit (Permit) and Notice of Exemption (NOE) was from April 16 to June 2, 2010. DTSC received written comment from four (4) public members concerning the proposed Permit and NOE. A Response to Comments was prepared and a copy of the Response to Comments is enclosed. Please note that the final Permit was revised as a result of the comments received.

Pursuant to the Public Resources Code, Section 21000, and the California Environmental Quality Act, DTSC prepared a NOE for this project. No revision was made to the NOE as a result of the comments received. The NOE will be filed with the Governor's Office of Planning and Research by DTSC. A copy of the NOE is also enclosed.
